We are always aiming to keep our school list inclusive of all institutions. If you do not see your University listed in the previous question, please choose "other" and let us know your school name here.

As part of our commitment to understanding candidates' backgrounds, we invite you to share your SAT or ACT score if you feel comfortable. This information is optional and will help us in evaluating your application alongside your other qualifications.

ACT: 36

Similarly, we also invite you to provide your GPA, this can help us further understand your academic experience.

Overall GPA: 3.96/4.00; In-Major GPA: 4.00/4.00

Preferred Name

Andrew

Pronouns

he/him/his

LinkedIn Profile, Github, Personal Website, or Portfolio<https://www.linkedin.com/in/andrewyzhou>**Have you ever been employed by Stripe or a Stripe affiliate? ***

No

**Tell us a little bit about you and why you think you would be a good fit at Stripe? ***

I'm a Berkeley EECS student focused on building intelligent systems that work reliably at scale. My recent work spans generative 4D models at Stanford and AI-driven financial dashboards. At Stanford Medicine, I built a 3D analysis pipeline adopted across the lab for processing multi-terabyte tissue volumes. My work had to be efficient, accurate, and usable by scientists handling dozens of new 100TB+ datasets each month. For my financial dashboard project, I designed real-time systems with real users and real money on the line, where precision, trust, and user experience were non-negotiable.

I'm exploring several teams right now, but Stripe stands out for its focus on engineering as a craft. The culture of clarity, ownership, and thoughtful design aligns closely with how I like to work.

At Stripe, I'd bring the same standards I hold for my own projects: fast iteration, clean architecture, and results that speak for themselves :)

As Stripe grows, we are always aiming to expand our recruitment presence at conferences and gatherings. Please let us know of any conferences you're planning to attend this year or have previously attended to help inform our team about future recruitment opportunities.

I plan on attending CVPR 2026.

Your responses will not be considered as part of the hiring process or have any impact on hiring decisions

Which internship cohort dates work best for you? *

Summer (May - September)

We will host cohorts of 12 or 16-week internships during the winter (SEA and SF) and summer (SEA, SF, NYC).

In the case of summer, we offer a range of start dates that best fit your academic calendar and will be shared closer to the program's start. Please choose which cohort works best for you.

Do you have flexibility to consider a second cohort option? Your answer will not negatively impact your application. *

Winter (January - April)

What is your first location preference? *

San Francisco, CA, United States

Internship opportunities are available throughout the United States. We have built our application to collect your top 3 location preferences here so that you do not have to submit multiple applications.

Please spend some time considering your office preferences when applying and we will do our best to match you to your most preferred location, but may have to redirect your application based on business needs. We will be forthcoming throughout our process about which office you are being considered for.

Please note US winter intern programs are only available in Seattle or San Francisco.

Second location preference *

Seattle, WA, United States

Third location preference *

New York, NY, United States

Are you currently eligible to work in the United States? *

Yes, I am currently eligible to work in the country where this role is ba...

Note that since we are capturing all of your preferences in one application (reminder - we don't need multiple applications across our United States offices), we ask you please answer the questions listed below regardless of your preferred work location.

Do you require visa sponsorship, now or in the future, to continue working in the United States? *

No, I do not require visa sponsorship now or in the future to continue ...

Self-identification is voluntary. Please acknowledge this in the drop down below. *

I understand that self-identification is voluntary.

Representation is important. At Stripe, we hold ourselves to a high standard for equitable and inclusive hiring practices. Anyone who wants to work with us will be considered without regard to their race, color, religion, national origin, age, sex, marital status, ancestry, disability, gender identity, sexual orientation, and any other legally protected characteristics.

The next four sections will ask you to self-identify your gender, race/ethnicity, veteran & disability status. Your responses will be reported in aggregate only. Please be assured that your responses (or choosing not to identify) will have zero impact on your candidacy; this information is maintained confidentially and always stored separately from your application.

U.S. Standard Demographic Questions

We invite applicants to share their demographic background. If you choose to complete this survey, your responses may be used to identify areas of improvement in our hiring process.

How would you describe your gender identity? (mark all that apply)

I don't wish to answer

How would you describe your racial/ethnic background? (mark all that apply)

I don't wish to answer

How would you describe your sexual orientation? (mark all that apply)

I don't wish to answer

Do you identify as transgender?

I don't wish to answer

Do you have a disability or chronic condition (physical, visual, auditory, cognitive, mental, emotional, or other) that substantially limits one or more of your major life activities, including mobility, communication (seeing, hearing, speaking), and learning?

I don't wish to answer

Are you a veteran or active member of the United States Armed Forces?

I don't wish to answer
